

Saskatchewan Industrial Development League

 The League shall have as a foundation of its faith the following creed:

Creed

I BELIEVE that the growth of Saskatchewan is being retarded by reason of the fact that we import rather than manufacture what we use.

I BELIEVE that there are immense industrial possibilities in the development of the natural resources of Saskatchewan.

I BELIEVE that we should encourage manufacturers.

I BELIEVE that the development of home markets for the sale of the products of our farms, is the best way to help the farmer.

I BELIEVE in the prairies building cities on the prairies rather than in foreign countries.

I BELIEVE that the time has come to put an end to the campaign of denunciation which has driven capital from Saskatchewan and prevented manufacturers from coming here.

I BELIEVE in a full industrial development of Saskatchewan so that every young man and woman may find congenial employment at home.

I BELIEVE that Saskatchewan men and women prefer workshops in Saskatchewan to workshops in any other country.

I BELIEVE in giving to every young man and woman the opportunity to make good in some occupation agreeable to him or her.

I BELIEVE that when the next revision of the Customs Tariff is made the industrial possibilities of Saskatchewan should be given the fullest attention.

I BELIEVE that a market two thousand or more miles away is of little value to the farmer, who produces perishable products and that the only way to overcome that disadvantage is to build up our own market.

I BELIEVE in Western Work-shops for Western Workers.

I promise to foster these beliefs and to check, to the best of my ability, any statement I may hear or read which might tend to lower the estimate of Saskatchewan in the mind of any industrial investor. I promise to gather all data regarding manufacturing possibilities in my locality and through the Local Assembly of the Saskatchewan Industrial Development League, of which I am a member, to forward it to the Central Executive at Regina, Saskatchewan, of the Saskatchewan Industrial Development League.

As a member of Saskatchewan Industrial Development League, I promise to assist, to the best of my ability, a campaign for greater industrial developments in Saskatchewan.

I promise to patronize all industries operating in the Province of Saskatchewan.

I hereby subscribe to the above creed.

Date _____

Region Assembly.
